PROFILE SUMMARY

I am a motivated individual with a strong educational background and valuable courses experiences. I have completed various online courses including The Complete 2024 Web Development Bootcamp, Web Development Masterclass, Ethical Hacking: Web Hacking Intro, Master Course in Google Cloud Digital Leader, and Master Course in Chatbot Technology and Google Bard Al. These courses have equipped me with technical skills such as HTML and CSS, JavaScript, C Programming Language, Java, React.js, PHP, Python, and C++. During my academic journey, I consistently displayed commendable learnability and decision-making skills. I believe in effective teamwork and possess excellent communication skills. I am now seeking opportunities to apply my knowledge and skills in a professional setting.

PROJECTS

Weather Website, 5 Days

Developed a Weather Website with HTML, CSS, Javascript, and Rapid API. Where all information can be shown of any

- Ethical Hacking: Web Hacking Intro
- Master Course In Google Cloud Digital Leader
- Master Course In Chatbot Technology And Google Bard Al

SOCIAL LINKS

- https://www.linkedin.com/in/ram-karan-kumar-99809927a

city with internet connection.

Doctor-Appointment-System, 30 Days

Developed a Weather Website with HTML, CSS, PHP.This project helps a certain medical establishment such as a clinic or a hospital clients/patients to request an appointment with a doctor online. This project can also help doctors to manage the schedules of their appointments with their patients. This doctor's appointment system will organize the schedules of each patient's appointment, which will be submitted as a request to the doctor they have selected. The system has 3 sides which are the administrator, the doctor, and the patient.
